

# Come! Let us Build for the Glory of God!

*Pui Tak Christian School  
Expansion Proposal*

welcome

# Joy in Learning. Love in Teaching.

*Founded with a commitment to bringing high quality Christian education to new immigrants, dual language learners and under-resourced communities.*

# Needs of Community

## Affordability

*Cost is paramount to many new immigrants and underserved families seeking quality education for their children.*

## Connection

*In a foreign culture, preserving the language, heritage, and cultural celebrations in a child's life can be challenging as they grow.*

## Accessibility

*Many underserved families do not have access to different transportation means. Their child's school must be close to home and work.*

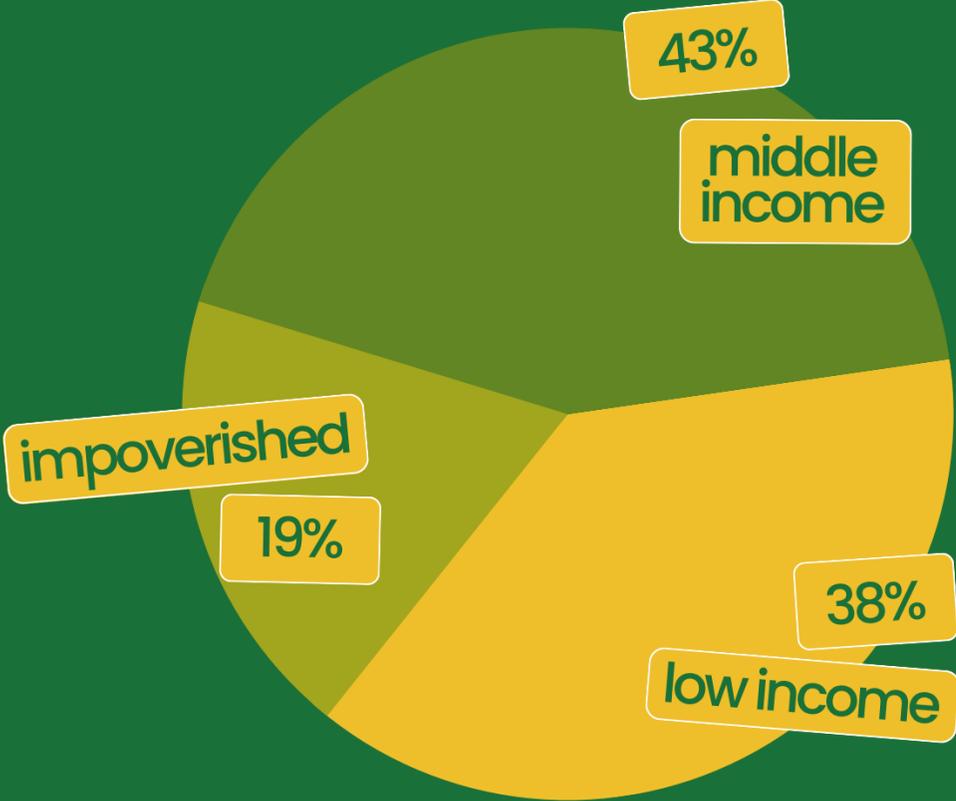

## The Gospel

*People need the Lord; a Christ-centered education provides opportunities to learn the Gospel in their everyday lives.*

*the answer*

A Christ-centered school providing affordable, local, and culturally-relevant education from PreK to 8th grade while reaching families with the love of Jesus Christ.

Pui Tak Christian School has been fruitfully meeting its community's needs for 70 years.

PTCS is now at a critical juncture in its history; the school must move forward in dynamic ways or risk a slow decline to the point of elimination.

# The Future of PTCS

## A Rapidly Changing World

*Educational demands are expanding daily, and PTCS must grow with the expansion. PTCS staff can multiply the impact in the communities we serve with well-equipped facilities.*

## Innovation & Technology

*PTCS cannot make any technology updates in its current facility. As technology becomes increasingly integral to education, PTCS must make strides forward.*

## Start the Next 70 Years With Us

*Become a vital part of the future. Your actions can inspire students to dream more, learn more, do more, and become more! Invest in a safe, secure campus where we can nurture students academically and spiritually to become agents of renewal for the broken world.*

# Enrollment History

## PTCS traction

*For the five years leading up to the COVID-19 pandemic, PTCS was near or at capacity. PTCS must expand to keep pace with the demand for student enrollment.*

*PTCS' expansion proposal, Project Nehemiah, would triple student capacity.*

*market value*

affordable

high  
academic  
performance

character  
education

reputable  
early-childhood  
education

celebration  
of cultures

*What PTCS offers students and families distinctly differs from the average school experience.*

*PTCS meets at the intersection of the characteristics many families seek for their child's education. Students receive quality education from preschool through 8th grade at a reasonable cost while forming their character and nurturing respect and excitement for different cultures.*

*This is an invaluable education!*

# The Project Nehemiah Team

# Let's Partner Together

## Prayer Support

*And I [Christ] will do whatever you ask in my name, so that the Father may be glorified in the Son. You may ask me for anything in my name, and I will do it.*

*John 14:13-14*

## Collaboration

*Just as a body, though one, has many parts, but all its many parts form one body, so it is with Christ.*

*1 Corinthians 12:12*

## God-Given Gifts

*Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace in its various forms.*

*1 Peter 4:10*
